**MEDIA ADVISORY – TOMORROW IN YORK COUNTY – Shapiro Administration
Kicks Off DCNR America250PA GeoTrail**

Hanover, PA – Tomorrow, **Department of Conservation and Natural Resources (DCNR) Secretary Cindy Adams Dunn** will launch the DCNR America250PA GeoTrail at Codorus State Park in York County. The event will open with a brief program demonstrating how to locate a geocache, followed by remarks.

Created in honor of America's 250th, the GeoTrail guides visitors to 25 state parks, where themed geocaches share stories from Pennsylvania's past through a technology driven scavenger hunt.

Participants use coordinates from DCNR's website on any GPS-enabled device to search for hidden caches along state park trails. Each park features a cache highlighting a unique piece of Pennsylvania history. Those who find all 25 caches will receive a commemorative completion coin.

The DCNR America250PA GeoTrail launches Saturday, April 11, and runs through March 2028.
